Columbia, S.C.

Governor Honorable
Nikki Haley

I am writing to you concerning an interrelated problem inside of the Broad River RYE locks and in-mates. There is a very bad (exploited system) of insults for (sexual harassment and lewdness) indirectly associated with repetitious prison offenders. I am sure you know of this continued premise. It has affected all male and female inmates. I don't appreciate or like this at all. Also when an in-mate women or men are in corrections for criminal behavior or offenses. They should not become entertained or polluted with this type of

ignorance or suggestion.
I will fully ^{way} they don't compri-
mise or become entertained
with exploitation of their
personal beliefs. This is
a great painful problem
that the State needs to
address and remove employees
and officers from their private
and or federal duties. I am
sure you understand my official
and Civic duty and concern
Happy Holidays.
