Dawndy --

Thanks for the update.

I missed your call today. I apologize for that.

Let's try to connect Friday. I will be in Charleston with the governor for the Pinckney funeral, so I will be unavailable by phone during that time. But I will do my best to answer anytime outside of the service.

Look forward to talking to you.

Rob

Rob and Chaney,

Our date has changed. It is now going to be next **Thursday, July 2.**

I will call you this afternoon between 4:35 and 4:55 (between my shows) to give more details.

Sure appreciate you getting back to me; I know you're slammed.

Dawndy

Dawndy --

Thank you for reaching out. I apologize for not responding faster. No excuse but we have been inundated with such a high volume of incoming requests from press that it has taken time to sort through them.

I called you late today on this request. Do you mind calling Chaney or me to discuss details on this? Not sure what kind of availability the governor will have but I definitely want to be able to share as much information as possible about the opportunity with our team.

Again thanks for reaching out.

Hi Rob,

We're looking at having an hour special next **Tuesday, June 30 from **7-8pm**. It will cover what happened in Charleston, where SC is now and where we're going as a state.**

Would the governor be available for me to interview her during that show? If needed, I could do the interview ahead of time and just air it during the special if she's not able to be in the studio during that time.

Many thanks!

Dawndy
