Attachments: (2013-12-16) Draft Edits to Exceptional Needs Proviso (v05).docx

---

Thanks - I tried to weave together comments from a couple folks in producing the attached mark-up of the proviso. Do you mind having folks take a look at this and get back with comments/changes? Ideally by the end of the day tomorrow?

Also, the number below is my cell - much better way to get a hold of me than my desk line. Thanks.

Subject: FW: Education Credit

Hey Christian!

Bill asked us to contact you related to the Education Credit proposed changes. The most important policy call is related to the ability for taxpayers to receive both a deduction and a credit for the same contributions. That language is highlighted in the attachment. If you'd like to discuss the proposal or have any other questions please let me know.

Thanks
