---

Beth & Marcia,

I followed up w/ Steve at the Post and Courier this morning to make sure someone had contacted him and just wanted you guys to see his response. Thanks again for all of the hard work both of you are doing on behalf of our state and I'll be sure to let you know whenever I get DMV-related questions.

KEEP IT UP!! This is exactly the kind of responsive, servent government that Gov. Sanford is all about ... and let Jimmy know that Mt. P staff meeting is probably a good idea!

yes. i've heard from jimmy early (?) and beth something. (i'm great w/ names for a journalist, huh?). jimmy said he might make the mt. p. folks have a staff meeting to discuss certain things you just don't do to customers.

haven't talked to beth yet, but i dropped by dmv this a.m. and finished my biz w/ them w/ no further problems.

man, you guys have been all over this complaint. if you respond that way to all of them, dmv's reputation should climb out of the gutter.

thanks.
