SCHAC and US EEOC:

Please advise as to what documents will be sent for \$30.00. I just spoke with Ms. Moore of SCHAC and she advised the only documents will be mailed may be the same ones in my possession. I informed Ms. Moore that US EEOC should have never transferred this case to SCHAC for investigating because then you are requesting a black slave to reprimand his white master for violations. I am still requesting that US EEOC to provide documents under US EEOC FOI process instead of South Carolina Laws which has limitations which had been addressed by previous notification before a decision made by SCHAC.

Please provide a response.

Clarence Jenkins Jr
