Hi Katherine – I understand that Bart Vincent has been talking with you about our ability to allow our inmates to utilize the Protect My ID program. He is out of the office until Monday and we are really trying to move forward on getting the information out as soon as possible. Please see the email below as to information that we are waiting on to allow us to proceed.

If you have already sent this to Bart could you please forward the information to me. If you have not could you please let me know when we might be able to expect it. I see from my personal letter from the Department of Revenue that the enrollment period has been extended to March 31, 2013, from January 31, 2013 which allows us a little more time to make sure that our inmates have an opportunity to participate in the program if they wish. We have approximate 10,000 inmates that possibly will need to participate so that is no small feat on our part but certainly doable if we can get moving.

Please contact me at 803 896-1744 should you have any questions or need further information.
Thank you for your assistance.

It was my understanding that Katherine Veldran from the Governor's Office was going to send the following information to Bart.

- 1) verbiage of the DOR notification letter
- 2) examples of what type of information the inmate would need to have on hand when calling
- 3) Experian's answer to a request from the Governor's office that they provide a dedicated toll free number for inmates with no instructions to register via the internet

See attached draft. Since I have not heard anything regarding a dedicated 800 number for inmates or examples of the type of information they will need when registering, I just did the best I could.

We can print the notices on the Z-fold form we use to send inmate PINs. I had to condense the letter somewhat to fit on the Z-fold form because it is limited to 41 lines of text, but I think it is OK. We can address to only the inmates that DOR identified and sort by institution for delivery.

We are still working on this....it may come from SCDC in the end....but please add procedures from GTL on how to place the phone calls.

Additionally, the list of affected inmates will need to come to RIM and do you have any ideas on how to send it out to only those inmates?

Please return to me once you have added GTL procedures. Martha would like it back by tomorrow if possible?

Call Martha if you have any questions.

Thank you...

Tom,

We have tried to register on-line with Experian multiple times and continuously get hung up in the process. While at home sick today, I decided to call and for me that was a bust too. They would not register Kent because he was not at home. And what really irritated me the most was they don't have a fax # so I can fax Power of Attorney papers that I have for my mom and get her registered. I was told I needed to mail the papers to Texas. When I asked how would I know that they had the papers, she told me they would probably contact me. POA papers don't have my home or cell phone number on them. So, I guess I will mail them and play the wait and see game.

Katherine,

Ok, this problem seems to be growing. I had two people today who have had a problem with children, so I think this is something that is going to steamroll on you. And actually, just coincidentally I was on the phone with Mike Shealy who said his daughter fell into this category.

If a child is over 18, has even received a letter from DOR that they were breached, has a bank account, even has a debit card.....but has no credit card Experian cannot enroll them because they have no credit history.....because they track credit card activity. One of them said Experian indicated they could provide what evidently may be a different type of coverage for the child but they (Experian) could not answer the question as to whether whatever they provide to the child would be paid for under the State's contract or not.

Can you get a response from a systematic standpoint how this should be handled when the question arises so that the children may be covered? I just think now that letters are going out you are going to see this more and more and certainly these children have a right to coverage.

Thanks!

Katherine,

Brad asked me to send you the information on the constituent I have been trying to help this week concerning the DOR breach. Ms. Harmon's email is below and she is concerned about her mother-in-law who is 91 and has no credit history.

Meredith Cleland with DOR has been working on this issue with me and truly appreciate your involvement as well. From what Meredith has told me today, he and the Experian representative (Ozzie) will be getting in touch with Ms. [REDACTED] (only have email) today and make sure her mother-in-law is protected. Meredith told me that Experian said this should have never happened and we will make sure she is protected.

I will follow-up with Meredith tomorrow and make sure they connected with Ms. [REDACTED] to get this problem resolved. I will keep you posted and let you know if we have any problems getting this resolved and thank you again for your help.

Email sent to the Speaker:

Dear Sir:

My name is Nancy [REDACTED] and I had the honor of hearing you speak at Spartanburg ADVANCE on Friday. This is e-mail is a request concerning the Fraud Protection each SC citizen is due because of the breach of tax records. I have accomplished mine and my husband's but when I try to enroll my mother-in-law I can't because she has no credit record. She is 91 and lives in an assisted living and has never had any credit, except for maybe paying a store for furniture on time. Most people from that era didn't believe in credit, they preferred cash. However, I am worried that she would be a really easy target given her situation and the fact that "she" could probably get lots of credit, etc. Could you please advise me if there is any recourse for citizens in her situation?

Thank you,

Businesses buy marketing lists containing consumer information, which can include e-mail addresses. Our office actually just started receiving complaints against this company, ScoreSense, due to consumer confusion and will be looking into it.

Please let me know if you have any questions.

Senator Cromer,

Looking at this you are right it is not related to Experian but uses their name in the subject line as a teaser.

I have copied Carrie Lybarker with Consumer Affairs.

I have received similar solicitation emails over the last several years. They did not get your email from Experian or anything related to the breach but possibly are marketing to the email list of SC residents.

Carrie can you chime in.

Dear Mr. Inspector General:

I am finalizing arrangements for our annual Democratic Caucus retreat this Wednesday (12/12). Would it be possible for you to have a staffer come to the retreat (in Columbia) for a question and answer session for Democratic House members regarding the DOR issue and the recent report? Several members have been requesting information, and I thought this would be a good opportunity to get our members up to speed on this issue.

This would be a non-public meeting, of course. I would like to block up to one hour for this if possible, depending on staff availability. I can fit this in any time from 9am to noon on that day (Wednesday the 12th).

I also left a phone message on 803-896-4729 since I do not have better contact information for the office.

I appreciate any assistance you can provide.

Thanks,

Michael

Experian sends Family Secure notifications to taxpayers with minor dependents *Gov. Nikki Haley continues working with law enforcement and business leaders to protect S.C. taxpayers*

COLUMBIA, S.C. – Governor Nikki Haley today announced that taxpayers affected by the South Carolina Department of Revenue information security breach who claim minors as dependents have begun receiving notification from Experian by email or letter with instructions about how to sign up for Experian's Family Secure identity monitoring service free of charge for one year.

"We continue to work with law enforcement, legislators and great corporate citizens like Experian to ensure that South Carolina taxpayers have the very best protection available," said Gov. Haley. "If you claim minors as dependents, you should absolutely take the time to sign them up for identity and credit monitoring through Experian's Family Secure."

Experian began notifying individuals by email or letter yesterday, Thursday, November 29. Notifications will be staggered over the next few weeks so South Carolina taxpayers should not be concerned if they do not receive a notice right away. Once notified, individuals may register coverage for himself/herself and any number of minors (five minors can be enrolled via the website; for more than five minors, the adult must call Experian). Family Secure enrollment ends May 31, 2013. To enroll a minor dependent with "Family Secure," an individual must already be enrolled in Experian's ProtectMyID and have the minor dependent's Social Security number, name and date of birth, and must be the minor's legal parent or guardian.

Family Secure monitors children's personal information for the existence of a credit file and sends alerts if suspicious activity or signs of identity theft are detected. For minors who have a credit history, Experian will regularly monitor the minor's credit file to see if any credit, loan, or similar account is opened in the minor's name. For minors who do not have a credit history, Experian will regularly monitor the minor's personal information (name, address, date of birth and Social Security number) to see if any credit file is created in the minor's name.

As of Friday morning, the Experian call center set up to assist South Carolina taxpayers had received approximately 845,000 calls and approximately 900,000 signups for Experian's ProtectMyID. Access to unlimited fraud resolution beyond the one year enrollment period is included in Experian's ProtectMyID membership and available to any taxpayer affected by DOR's information security breach. Taxpayers who sign up for protection will also be notified – by email or letter – about how to sign up for the Family Secure plan if they claim minors as dependents.

Dun & Bradstreet Credibility Corp offers South Carolina businesses that have filed a tax return since 1998 a CreditAlert product that will alert customers to changes taking place in their business credit file. Even something as simple as a change to a business address or a company officer change would set off an alert to the business owner. The cost will be waived for business filing tax returns since 1998. Business owners can visit <http://www.dandb.com/sc/> or they can call customer service toll free at this dedicated phone number 1-800-279-9881.

Experian is offering those impacted South Carolina businesses Business Credit AdvantageSM - a self-monitoring service that allows access to a company's business credit report and score.

South Carolina businesses can sign up for Business Credit Advantage at <http://www.smartbusinessreports.com/SouthCarolina>.

Gov. Haley reiterated that anyone who has filed a South Carolina tax return since 1998 should take the following steps:

- Call Experian at 1-866-578-5422 to enroll in a consumer protection service. (The call center is open 9:00 AM – 9:00 PM EST on Monday through Friday and 11:00 AM – 8:00 PM EST on Saturday and Sunday.)
- For any South Carolina taxpayer who wishes to bypass the telephone option, there currently is an online service available at <http://www.protectmyid.com/scdor>. Enter the code SCDOR123 when prompted. South Carolina taxpayers have until the end of January, 2013 to sign up.

Free one-year Family Secure plan includes:

- Regular monthly monitoring of Experian information for every child on the account
- Protection against material damages that may occur to a child due to misuse of their credit file
- If no credit file exists, Experian monitors children's personal information for the creation of one
- Alerts the parent/guardian to important activity such as credit inquiries, public records, delinquencies, negative information (e.g., liens, civil judgments, bankruptcies, and new accounts) to a minor's credit history
- Activity is detected based on the minor's SSN, date of birth, name or address or any combination of that data, utilizing Experian's proprietary credit file matching logic
- Once activity is detected, the parent/guardian can work with a dedicated Experian Fraud Resolution representative on the best course of action
- Monthly "No Hit" Alerts if no credit activity is detected in a month
- Comprehensive fraud resolution service – dedicated professionals to manage your case and help members recover from identify theft quickly and efficiently
- Daily monitoring of primary parent's credit report and early warning alerts if credit report changes are detected
- Unlimited Experian credit reports and scores
- Experian credit score illustrator to show monthly score tending and analysis
- \$2,000,000 product guarantee

Roads and Bridges and More on Cyber Attack -- Weekly Update from Sen. Tom Young -- November 27, 2012 to December 11, 2012

The Senate is out of session and will meet tomorrow at noon for a one day organizational session in preparation for the 2013 session. I hope that you find this update helpful and informative.

Roads and Bridges: The S.C. Department of Transportation maintains the fourth largest highway system in the nation comprised of 41,460 center line miles and 8,357 bridges. The DOT's primary funding source is the 16 cents per gallon motor fuel user fee which was last adjusted in 1987. Last week, the DOT released a report outlining that South Carolina has \$30 Billion in infrastructure needs over the next 20 years. To see the report, go [here](#).

Roads and Bridges -- Perspective: South Carolina needs a dedicated source of funding for road and bridge maintenance and improvements. Strengthening South Carolina's infrastructure will benefit our state for the long term and provide us with a competitive advantage over other states in our effort to keep existing businesses and to attract new and expanding businesses. Since 2009, the General Assembly stepped up multiple times to make the Port of Charleston as strong as it can be with the most recent commitment being the \$300 Million approved in this year's budget for the Port's necessary and anticipated harbor deepening. Now, the General Assembly must turn its attention to our roads and bridges. The continued growth in Medicaid funding requirements will present challenges as policy makers consider how to pay for Medicaid growth and still meet other needs in our state including those of public education and road and bridge infrastructure. We need strong leadership from both the Governor and the General Assembly on this issue. The DOT report referenced above describes the situation and offers possible

solutions for consideration by the Governor, the General Assembly, and the public. I am working with other General Assembly members on initiatives to meet these and other challenges facing our state. Your input is appreciated and valued. Please email me back or contact me by phone or in person.

Aiken County Economic Development Efforts: A recent article in SC Biz magazine highlights the economic development potential of Aiken County. To see the article, go [here](#).

Feedback for 2013 Legislative Session: The 2013 legislative session begins January 8. I appreciate input from constituents on the critical issues facing our state and area including tax reform; spending reform; K-12 education; the costs of higher education; health care; economic development; roads and bridges; job growth; and the underfunded liabilities in our state's retirement systems. Your input is welcome on any issue important to you. Please email me back or contact me by phone or in person.

Latest on Cyber Attack

Who is Impacted?: According to Governor Haley, the DOR has now determined whose information was stolen and impacted residents and non-residents will receive letters of confirmation during the next two weeks.

Minor Children and Dependents: If you enrolled with Experian's ProtectMyID since late October when offered by the state and you provided an email, then you should have received an email allowing you to enroll your minor children. If you did not provide an email when registering, then you should receive a letter within the next two weeks.

Frequently Asked Questions: The Governor's office has prepared several groups of questions and answers as indicated below by category:

Road Issues: If you see a road problem, call the SCDOT at 641-7665 or Aiken County at 642-1532 to report the problem. If you do not get a prompt response, please let me know at tom@tomyoungforsenate.com or call me. Generally, most paved roads in the County are maintained by SCDOT and are identified on the road sign poles by a small black and white sign listing the road number, such as S-2-1669. Most unpaved roads in the County are maintained by the County.

Thank you for the opportunity and the honor to represent you. Please let me know if I can help you in any way or if you have questions about these or other issues. Your feedback is meaningful and appreciated.

Mr. Martin,
Thank you so much for your help.

For weeks now I have been trying to sign on with Experian to receive the Fraud Protection for life from the State of South Carolina. I have been working on this for many many hours over the past couple of weeks & talking more than 9 hours with several people from Experian. Now they say I don't qualify for the "Fraud Resolution for Life" from the State of South Carolina because I don't have any "Credit". I save my money and buy instead of borrowing money. At some point in a couple years I would like to build a house in South Carolina and may borrow some money, they say South Carolina won't be there for me with the Fraud Protection for Life.

The Consumer representative from Experian I have been speaking with is **Rosemary [REDACTED] at 949-[REDACTED]**. Rosemary has been calling her superiors and others & they tell her that I don't qualify for the "Fraud Resolution for Life" because I don't have any "Credit". **Rosemary called me back and said she was "sorry but they gave her no reason except you don't have any credit"**. Rosemary said I would not be able to sign on with ProtectMyID from Experian because of this but she sent me over to Jennifer with Experian where I was signed up with Social Security monitoring by mail for 1 year. At that point I asked, "Was I included for the Fraud Resolution for Life" and they both said no, because, to get the "Fraud Resolution for Life" I would have to be signed on with ProtectMyID from Experian & I couldn't do that because I don't have any credit.

I don't have any credit cards but I pay my bills with check for my insurance, Medical bills, car insurance & other. I have a debit card the I don't use.

I told Rosemary about this Channel 7 News Report [Weeks After Hacking Scandal, SC Taxpayers Still Have Questions About Free Moni](#).

The Tracy Early Channel 7 Report stated:

"We are aware that taxpayers with no credit cannot sign up for ProtectMyID," said Samantha Cheek at the SC Department of Revenue. "The state is working with Experian to implement a program for protection for those individuals who do not have credit. "SCDOR wouldn't answer why this plan is coming together now, weeks after the cyber attack or any other questions because it's still being finalized. But Cheek did say it will be available to those taxpayers with no credit in the coming week or two.

When I told Rosemary of this report she wanted me to forward this link to her so she could have it "Taken Down". I didn't send her the link. This is when I called you. I don't understand why I am being excluded from the "Fraud resolution for Life".

Mr. Martin, I really appreciate your concern in this matter. Please contact me if you need any further information.

Sincerely,

Ray [REDACTED] Phone: 864 [REDACTED]

All,

Upon further research, the scenario below is not related to a training issue. Our agents have followed the correct procedures. They have contacted the individual and connected him with the special team to go through the alternate process and the individual has been enrolled. In the event there is any activity detected in the individual's credit file, this individual will be provided with Fraud Resolution assistance. Lastly, in order for any individual to obtain the ongoing Fraud Resolution they will need to be enrolled in the ProtectMyID product. Let me know if you have any questions.

We have continued training people the last couple of weeks. I'm unsure as to why issues persist, so I'm going to start pulling the calls to hear exactly what is being said. We have one example where we keep transferring the person to the correct team and she keeps disconnecting before she can be assisted (there may be a wait time), then she contacts the DOR saying that we are not helping because she doesn't have credit.

I still haven't received anything definitive about the program. Our folks have been preparing for the hearings so most of their time has gone to that. I will ask again.

We continue to have issues with Experian representatives saying that "they can't sign up because they don't have credit etc."

Have we made any progress with the modified plan and what it includes and/ or the training on Experian reps.

Please call the following SC constituent.

Ray [REDACTED]

Please confirm so I am able to confirm with the Senator.

This gentleman needs to get an answer regarding the fraud protection. He apparently has no credit history that can be monitored but very much wants the fraud protection. Could you have your Experian contact followup and let me know when they do? Many thanks!

Senator Martin,
Thank you for your Thanksgiving wishes for me and my family, we did have a wonderful Thanksgiving and hope the Martin Family had a great Thanksgiving also.

It's been three weeks since our conversation about South Carolina excluding me from the "Fraud Protection for Life". I appreciate your help on this but didn't want to burden you at the same time. I Just wanted to follow up on the issue.

May God bless the Martin Family this Christmas season.

Mr. Martin,
Thank you so much for your help.

For weeks now I have been trying to sign on with Experian to receive the Fraud Protection for life from the State of South Carolina. I have been working on this for many many hours over the past couple of weeks & talking more than 9 hours with several people from Experian. Now they say I don't qualify for the " Fraud Resolution for Life" from the State of South Carolina because I don't have any "Credit". I save my money and buy instead of borrowing money. At some point in a couple years I would like to build a house in South Carolina and may borrow some money, they say South Carolina won't be there for me with the Fraud Protection for Life.

The Consumer representative from Experian I have been speaking with is **Rosemary [REDACTED] at 949 [REDACTED]**. Rosemary has been calling her superiors and others & they tell her that I don't qualify for the "Fraud Resolution for Life" because I don't have any "Credit". **Rosemary called me back and said she was "sorry but they gave her no reason except you don't have any credit"**. Rosemary said I would not be able to sign on with ProtectMyID from Experian because of this but she sent me over to Jennifer with Experian where I was signed up with Social Security monitoring by mail for 1 year. At that point I asked, "Was I included for the Fraud Resolution for Life" and they both said no, because, to get the "Fraud Resolution for Life" I would have to be signed on with ProtectMyID from Experian & I couldn't do that because I don't have any credit.

I don't have any credit cards but I pay my bills with check for my insurance, Medical bills, car insurance & other. I have a debit card the I don't use.

I told Rosemary about this Channel 7 News Report [Weeks After Hacking Scandal, SC Taxpayers Still Have Questions About Free Moni](#) .

The Tracy Early Channel 7 Report stated:

"We are aware that taxpayers with no credit cannot sign up for ProtectMyID," said Samantha Cheek at the SC Department of Revenue. "The state is working with Experian to implement a program for protection for those individuals who do not have credit. "SCDOR wouldn't answer why this plan is coming together now, weeks after the cyber attack or any other questions because it's still being finalized. But Cheek did say it will be available to those taxpayers with no credit in the coming week or two.

When I told Rosemary of this report she wanted me to forward this link to her so she could have it "Taken Down". I didn't send her the link. This is when I called you. I don't understand why I am being excluded from the "Fraud resolution for Life".

Mr. Martin, I really appreciate your concern in this matter. Please contact me if you need any further information.

Sincerely,

Ray [REDACTED] Phone: 864 [REDACTED]

I just wanted to let you know to expect an email from Meredith Cleland with SCDOT to help get your mother-in-law protected under Experian. They told me this should have never happened and want to make sure she gets the protection she needs. Would you mind sending me your telephone number so he can call you? We only have your email and just want to make sure they can reach you. Thank you again for bringing this issue to our attention and do not hesitate to give me a call if i can be of assistance. Have a great weekend.

Hi Katherine – Deanne Gray had forwarded this to me as an FYI. My husband and I have already signed up for the ProtectMyID, but we also have a 10 year old son who would be subject to the same concerns. I see that there is the Family Secure that is available for him. How do we obtain a security code to sign up for SC's complimentary 1-year program? It refers to entering your "code" to enroll. Does SC offer a standard code for state resident's effected?

If you have any information, please send it my way.

Thanks so much,
Joan

Dear XXXXXXXX,

I am writing to you regarding the additional protection product available to you and your children offered as a result of the security breach involving the Department of Revenue in the state of South Carolina announced on October 26, 2012. You have successfully enrolled yourself in ProtectMyID®. If you have minor children who have been dependents on South Carolina tax returns that were filed electronically, you should enroll them in the Family Secure® product.
