Subject: 100 more names by midnight: Patriot?

Patriot,

It's almost 2017.

I need 100 more names by midnight. **Will you be one of them?**

Here's why:

As you know, Principled PAC is running a massive program to pressure Mitch McConnell and members of Congress to work with Trump to Drain the Swamp.

The first step is flooding McConnell's offices with tens of thousands of Drain the Swamp fax petitions from good folks like you.

This program will run several months into the New Year, but I've set a number of smaller goals to help us climb the ladder and generate 10,000 signed fax petitions for Mitch McConnell.

And the first goal is coming up at midnight.

Right now we're only about 100 names shy of hitting our goal and reaching our first major milestone.

So can I count on you to please be one of the 100 folks I'm looking for to sign their "Drain the Swamp" petition before midnight?

You can sign your petition [HERE](#).

Thank you for all you do.

-- ***Principled PAC***

P.S. After you add your name to the list of faxes, please chip in a contribution of \$10 or more to help Principled PAC expand our program in the New Year.

With your help, we could blow through our 10,000 fax goal -- and flood McConnell's office with up to 25,000 petitions.

So please sign your Petition and chip in a contribution to help us recruit and mobilize more patriots to this fight.
