Subject: Governor's Committee essay contest

Attachments: Journalism Contest law current.pdf

---

Good morning Holly,

I was wondering if you or an associate could give us a call at your convenience. We coordinate the annual Journalism Contest/Scholarship for the Governor's Committee on Employment of People with Disabilities and a situation has come up that we would like to discuss. To provide background I have attached the legal reference in the S.C. Code of Laws about this scholarship.

If there is a particular time that would be good to talk, I'd like to schedule the call so that our agency legal counsel can be included if possible.

(The Governor's Committee is made up of a combination of state agency representatives and chairpersons of local mayor's committees on employment of people with disabilities. Mayor's committees have disability awareness events and recognize employers of persons with disabilities. The Governor's Committee has annual awards recognizing employers and individuals with disabilities and conducts the journalism contest.)

I can be reached at 803-896-6503.

Thanks,  
Mark
