Dear Mr Tony Kester,

In just 4 weeks' time the freeze-drying industry will gather at SMI's 2nd annual "Lyophilisation USA" meeting to receive the latest updates on technology, manufacturing and emerging developments in drug formulation. **Please note that the early bird will end today.**

Highlights will include a keynote opening address on day 2 from **Genzyme** Corp's Director of Fill/Finish Development & Late Stage Process Development, **Dr Mark Yang**. The presentation will explore current trends in the growing market of lyophilised biologics and offer strategic guidance into reducing cycles and costs for commercial manufacturing. Mark will also discuss new technologies designed to increase efficiency in development times and provide a progressive outlook into future developments.

This is why you need to join us in Iselin:

- Benefit from an agenda tailored towards driving efficiency through reducing your manufacturing costs and shortening lyophilisation cycle time.
- Stay at the cusp of emerging developments with over 11 hours of content delivered by senior industry thought leaders such as Pfizer, Novo Nordisk, Allergan, J&J + more.
- Gain an overview of the latest innovations in freeze drying technology, protein stabilisation and aseptic spray drying.
- Escape regulatory risk through informed guidance on QbD submissions.
- Understanding key parameters such as temperature and ideal water content for drug products.
- Increase product shelf life through insight into interaction with API's.

Download a brochure from the website to see a detailed itinerary.

Get Involved: Early bird ends 31st March

1. REGISTER ONLINE: www.lyophilization-usa.com
2. SPONSORSHIP INFORMATION: - For details contact Alia Malick on: +44 (0) 207 827 6168 or email amalick@smi-online.co.uk
3. DELEGATE ENQUIRIES: For delegate enquiries and pharma rates, contact Fateja Begum on: +44 (0)20 7827 6148 or email fbegum@smi-online.co.uk

Get Interactive:

Extend your stay to check out the 2 interactive workshops on April 29th 2016.

WORKSHOP A: 08:30 - 12:30

Lyophilisation – Development through Tech Transfer | Hosted by Steritech Solutions LLC

WORKSHOP B: 13:30 - 17:00

An Empirical Approach to Formulation and Lyophilisation Cycle Development of Parenteral and Diagnostic Products | Hosted by AB BioTechnologies, Inc.

Visit the website for more details on associated events.

We look forward to welcoming you in Iselin, New Jersey this April.

Kind Regards,

SMi Group Ltd
