Kimberly Brannon All but 2 are tagged and in one of those the location is mentioned in the comments. And if you look at the picture after that that is not labeled you can tell it is the same people. Hence, they are at the same park.

Kimberly Brannon Same comment above that I made. They are tagged but 2 and the location is mentioned in the comments.

Kimberly Brannon We had a wonderful time at Devil's Fork. Thanks to Patricia who took us on the hike. The free Hoppin' Johns and cornbread was divine.
