Subject: Potholes

The potholes are ridiculous in South Carolina! My grandson could have been killed Saturday due to a pothole in the road snatching his handlebars out of his hands! Yes he was riding reasonable in a Poker Run trying to raise money to help someone else! Now he is messed up with bad road rage and a messed up bike. Something needs to be done with these roads and the state should have to pay his medical bills and replace his bike!

Pictures can be sent to you!

Thank you,

Shelby Knopf
