Dear Mrs. Hailey,

I sent you an email on January 29, 2015. I called back about a week or so later and the lady that answered the phone said she couldn't find it. Well she was going to have someone call me and they never did. But what I am writing you about is I have a Home Day Care which I have had for 25 years. I have never had a complaint against me or anything. In November I went to a meeting in Columbia and they said they were going to start unannounced visit beginning in January just to get the holiday's over. Well anyway they came to my house on December 10, 2014 which I did have 2 kids more than I was suppose to which I told the lady. Well she was not very professional to begin with, she said they would come

back out to Rockock. Well a couple
days later I got a letter saying
they would be back within 2 weeks.
That was putting around the
Christmas Time which I wanted
they need time. She came back on
January 3, 2005 which she was over her
time. All was good because I had
more kids. This woman went
down all kind of stuff on my
paper that didn't have a hill of beans
with working with kids.

I would really like to talk with
you about my situation. I have
a meeting set up for March 3, 2005
to meet with the director in Greenville, SC.
I just needed some advice before
I go in at all possible please.
My Home # is 864-578-5922 and
my cell # is 864-809-2416 which
may be easier to reach me.

Thank You

Regards
