scstateparks It's #NationalLighthouseDay! We ♥ our Hunting Island lighthouse! This #SCStateParks gem is the only publicly accessible lighthouse in South Carolina. Who has climbed the 167 steps?

tamyeln @scstateparks how can we get a group of volunteers together to clean up Matthew's destruction to the park? There are several people who would volunteer their time. I'm sure we'd even sign a disclaimer regarding any injuries we might incur. Would love to help get this park back on its feet!!!!
