South Carolina State Parks

at 20:00:26 on 11/08/2016 UTC · 🌐

With a wingspan over 4 feet, ospreys will hover over water searching for fish. They quickly snatch fish with their sharp talons before an eagle swoops in. Eagles with their large wingspan measuring over 6 feet, will swoop in, steal the fish and soar away to a tree for a free meal.

Join the SC Center for Birds of Prey on Saturday, Nov. 19 at 1 pm as they bring a variety of raptors to Myrtle Beach State Park. Marvel at their beauty up close and be thrilled as they flight right over your head! <http://bit.ly/2fkE2ol>

Anne DuTremble Bruce Bridges Sarah Grubbs

Bruce Bridges Not to mention they will snatch up a Chilli dog LOL

at 1:50:38 on 11/09/2016 UTC

Anne DuTremble And then fight over him, surely!
