Can you please let the Governor know that our economic officials in Sumter had executives from a big economic development project in yesterday. They are coming back Friday and I understand that they are meeting with the Governor before coming to Sumter.

I just want her to know that this company's execs have all said that she was head and shoulders above the other 4 Governors of other states that they were negotiating with for this project. They were very complimentary of her and made it apparent that we are in the final two locations is because of her. I mailed her a note today thanking her for a great job thus far. Please let her know how grateful we in Sumter are for her involvement in this project. It is a world of difference from when we were close to a project last year. Commerce is also doing a great job. It is a completely different environment than last year. Her commitment to jobs is clear and I am very appreciative of her efforts in that regard. I just wanted to let you all know the compliments given to the governor. Thanks and I hope we are celebrating a big win next week.

Please forward this to the Governor. I have a lot of constituents that would like to participate in this day of prayer and fasting. See if she would be willing to spearhead the effort for our State. I enclose a link to what Governor Perry in Texas is doing. Thanks
