Subject: FW: Koppers update

Dear Richele,  
Congratulations on the new position! I wasn't sure if you had started yet, so I sent this to Holly. She has asked for quarterly updates from DNR and DHEC on the Natural Resource Damages case for the Koppers case. I'm happy to fill you in on the case if you like. There isn't much of an update, as these cases do take a long time to wind up, but the update below is what I'm able to provide.  
Please let me know if you have any questions.

Subject: Koppers update

Dear Holly,  
I hope you are doing well. As you requested, I am giving you an update on the Koppers NRD case. At this point, we are still getting the technical documents in order to put the documents out on public notice. We are still negotiating with Beezer about past costs for the different Trustees, and are finalizing the settlement amount. We are still in a holding pattern. I will update you again in three months. Please let me know if you have any questions.
