Dear Governor

I hope your having a good day. and the new year will be better than 2015. You are doing a great job, I'm proud of all the good your doing.

I'm concerned about what I saw on t.v. where S.C. wants to be very supportive of religions coming into our state and country. We all know that isis muslims are not good people. Their intent is to kill everyone who doesn't believe as they do. Yes, we do have muslims who say they're different that still is a question. Why do they have secret meetings?

Is our leaders to be concerned about isis coming into this Country is only right. Our leaders must protect us, it is the law of the land. Muslims are not native to this country and need to be supportive of our laws; if not, they need to leave Am. Muslims must be supportive of our Co. or else be silent and grateful they're living in a free Country.

For muslims to go against our candidates is very very wrong. It shows how wrong their thinking is. I'm very sad about this one.

We must be very careful or we
all will live to regret unwise decisions.

Let's remember the laws of this land,
the constitution and keep our Am.
people safe.

Thank you, I pray you will handle
this wisely.

Respectfully,

Rhoda Martin
