Hi,

I am a Multimedia Journalist at AccuWeather. I'm writing a story on hurricane relief-how people can help victims of Hurricane Matthew.

I am emailing to see if you would be able to send me an exclusive quote on how Gov. Nikki Haley recommends helping victims, and how others can help.

What can people donate? Time, money, clothes, food?

What are people in need of most?

Should people stay away from the area after the hurricane?

Thank you,

Chaffin Mitchell
