

I am currently serving time for a trafficking Crack Cocaine & possession with intent to distribute hydrocodone. I am not receiving the proper treatment for what I am incarcerated for. I am a user of several drugs & I have yet to receive the drug treatment that I am entitled to. I am also suppose to be entitled to parole and work credit. I also need some type of half way housing to be able to get on my feet so I can get my kids and take care of them. Why are you all so harsh on drug offenders when 90% of them are users. I have wrote you another letter, so please reply so I can atleast point

you in the right direction.  
feel free to ask any  
questions if you please  
want to.

Thank you so much!

Sincerely yours,  
Carius Lomax
