Dear Kevin Bryant ,

Kristin Richey is applying for admission to colleges of osteopathic medicine through the AACOMAS application and has requested that you provide an online evaluation of their capabilities as part of their application.

The applicant has requested that you submit this evaluation to AACOMAS by January 31, 2018. In selecting this date, applicants were instructed to follow the evaluation guidelines that are prescribed by their Pre-Health advisor, Career Center, or other source for their evaluations.

It is important to note that the submission date of your evaluation will not delay the processing of their AACOMAS application, and your evaluations will be forwarded to the designated colleges of osteopathic medicine.

In the Evaluation Portal, where you can monitor the status of the evaluations that you have agreed to submit, this applicant's name will appear in bold red when the suggested submission date has passed.
