NIKKI R. HALEY
GOVERNOR

1205 PENDLETON STREET
COLUMBIA 29201

Dear Friends,

On behalf of the people of South Carolina I am pleased to welcome you to the Greenville Tech Foundation Workforce Development Salute.

It's a great day in South Carolina when we have a chance to benefit from the experience of José Muñoz. As Executive Vice President of Nissan Motor Co, Ltd. and Chairman of Nissan North America, Inc., with responsibilities ranging from manufacturing, engineering, and design to sales and marketing, Mr. Muñoz has incredible insight into the workings of the automobile industry. We are proud to have the opportunity to not only learn from him but also to demonstrate our exceptional workforce development strategy that contributes so much to our reputation as a top destination for businesses to locate and expand. We build planes, cars, and tires, and we build them well, thanks to readySC™. Your support of Greenville Technical College, an integral part of readySC™ helps provide our people with the tools they need to work and businesses with the resources they need to succeed.

Mr. Muñoz, welcome to our beautiful state. Michael and I thank you for your time today, and we wish everyone the best for a successful event. God bless.

My very best,
