Governor Haley,

Had to take the time to write you as I am a Republican! Your response to Obama's SOTU disaster speech was only slightly better than his.

We are so unhappy to realize you have become a member of the "Washington Elite" Club. We aren't invited nor allowed to even think differently. Sounds like Obamas vision.

We are the "LOUD ANGRY VOICES" you can't tolerate. We have zero representation in Washington, which is actually quite scary. We have come to know the Republican Party is in complete agreement with Obama & his policies. These days are difficult watching the Obama insanity and people like you going along.

So we say to YOU & your fellow Republicans, and we say it LOUD & PROUD, GO TRUMP, GO TRUMP, GO TRUMP!
