The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

Dear Governor Haley,

I am enclosing a letter I have written to 398 Pastors in South Carolina. I believe Ben Carson, as President would perform to a level of excellence relative to all important issues America faces today. He is not an empty suit, but a truly honorable man. His policy positions presented in written documents on his web site show the man to be knowledgeable, wise and powerfully courageous. Yes, he is informed and prepared.

Very few people really know the Ben Carson that I have come to know. I am begging you to reach out to him for a get together to exchange thoughts and beliefs. That is all, just a short meeting to hear him. Such a meeting may have no effect or may change everything for our America.

Regards,

V. Louis Mogas

Dear Friend in Christ,

I am supporting Dr. Ben Carson to be the next President of the United States because I strongly believe that among this year's unique field of candidates Dr. Carson is the best, most upstanding person to serve as our country's Commander in Chief.

I have been a Christian all my life. I grew up working alongside my father on a ranch in South Texas. From there, I earned undergraduate and postgraduate degrees in business, and in 1973, I started a company that currently employs more than 250 people around the world. My son and daughter-in law teach a bible study at St. Martin's Episcopal Church and my granddaughter serves as an acolyte there. I share all of this because I want you to know that our family fervently believes in God and His many blessings, in Jesus Christ, and in the power of prayer.

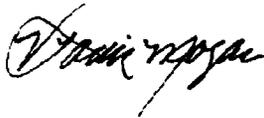

As a Christian and a businessman, I am extremely concerned that our government has become corrupt and that our citizens have lost their way. As a result, the United States no longer carries the global influence it once had. Not that long ago, through political power and moral strength, the US was leading the world. More recently though we changed direction, and as a result, I fear our world is more politically unstable than it has been in decades and our culture more morally corrupt than at any time in our history. Is there any doubt we are on the wrong course?

Righting this ship must start at the top – in the White House. If a father is a good and righteous man, his children are likely to follow his example. If a CEO is a good man, his company is less likely to be corrupt. The same is true of our government. If we elect a good man – a man of faith and strong moral values – his positive influence will emanate throughout our government and the world.

Dr. Ben Carson is a true blessing, and I would welcome the opportunity to speak with you about him and his beliefs. If you wish to talk, please call me at 281-615-5657. In the meantime, I urge you to read his life story and learn all you can about

him. All of this can be found on his website [www.bencarson.com](http://www.bencarson.com) along with his views on all major issues. You will see that he is a man of great strength and courage. I encourage you to consider actively supporting his election campaign.

Regards,

P.S. If you choose to support Dr. Carson, please talk to your congregation, write a letter to your local newspaper, to your local TV station, ask to be interviewed, start a movement among Pastors, do whatever you can. I will continue to do all that I can. We desperately need a Christian in the White House.
