Subject: RE: Request for Extension for the Implementation of the Congregate Dining Nutritional Risk Score Direction

Steve,

I know you have a new director and am sure she will bring much needed experience to the aging programs. However, we have been talking about serving those with the greatest need for at least a year, I have instructed all PSA regions to review the assessment data, look at nutrition risk scores, and review the clients currently served. All I did with the PI was confirm in writing what has been discussed for the past year. After a year, how can I continue to allow clients to be served with nutrition funds for clients that have no nutrition risk?

Thanks.

Tony

Subject: Request for Extension for the Implementation of the Congregate Dining Nutritional Risk Score Direction

Tony,
Please find attached a request for an extension to the implementation of the direction regarding nutritional risk scores that was issued last week.

Thank you for your consideration of our request.

Steve
