---

Thanks – yeah, I'll headed out of town for vacation in a couple days, but could do the one-hour version during the week of August 27<sup>th</sup>. I'd bring Josh Baker along for that, too. Thanks.

Christian,

I have scheduled a kickoff meeting for the PBF project on August 14<sup>th</sup>. The agenda is attached.

IBM is the lead vendor on the project. They have reached out to Optimal as a sub. In the first meeting, we will spend the majority of our time discussing our current budget process and start defining some of the basic, high level requirements.

Of course, you are welcome to attend this session.

Realizing that may be difficult for you to attend this all day meeting, I have also asked IBM to prepare a 1 hour follow-up so that we can schedule a time with you to review what was discussed in the first meeting and get your comments/suggestions. We would try to schedule this meeting with you before the first of September.

Let me know if you would like to take a different approach.

Thanks,

Jimmy
