Absolutely. You are very kind. Thank you for your nice words. I will make sure the Governor receives this email.

Thank you for your support.

Katherine

Katherine,

I hope all is as well as could be expected as it is been a very trying week to say the least for the people of South Carolina, Charleston and the governor's office. Would you please pass this note on to Nikki from the.

Nikki,

Over the years I have always been impressed with the spectacular job that you do for the state of South Carolina but I must say this week the country hopefully learned what we've known for a long time and that is that there's not another Governor in the Country who does as much for their state as you do. You truly showed your personality and heart and soul in the interviews on TV. What has been absolutely amazing is in the face of such a horrific tragedy our state showed the country what we are all made of. No riots, no threats and no disturbances. What our people all did with your help and leadership was to bring our state both black and white together as one people and one state and were not afraid to talk about praying and healing. This is a complete contrast to what is going on throughout our Country. Our Country could learn a lot from what is happening in South Carolina, because of you our people think differently, it's kind of like were all in this together. That does not happen overnight and it surely doesn't happen unless the person at the top is setting the right example, which you do daily. I'm proud to call you a friend. God Bless, take care.

Sincerely,

Philip A. Schembra | Broker-In-Charge
