**Ann Birdie Hammond** We have the Hammond Family reunions there. We just love it! We had almost 70 there last time. We already have it reserved for August this year. Wonderful place for reunions. Not really thrilled with the campground tho.

**South Carolina State Parks** Uma, Hickory Knob's campground does accommodate RVs. Each site is packed gravel and has individual water and electrical hookups and picnic table. The campground is convenient to restroom facilities with hot showers. RV's up to 30 feet can be accommodated. 21 of the sites are waterfront.
