Subject: Gov. Haley - today

Senator,

The Governor wanted you to be aware that she will be visiting the site of the Windsor Green fire in your district this afternoon. She will arrive on scene with Chief Keel and other officials around 2:15, meet with local emergency and fire officials, and hold a short media availability at 3:00. She would like for you to join her if you can attend. I will be traveling with the Governor, so please call me with any questions: 8034294561.

Katherine and I have left you voicemails earlier today as well and hope this reaches you.

Thank you,

Rebecca Schimsa
