Subject: Media Event for Check Presentation

Hi Chaney,

Comptroller General Eckstrom would be delighted to have a brief media event with Gov. Haley for a \$4.2 million check presentation from Bank of America for the State's Purchasing Card Program rebate for fiscal 2016. An image of the oversized check (4 feet by 2.5 feet) is below. Here are the details you requested:

Location: Outside the Governor's Office in the State House foyer (to be most convenient for the Governor)

Date: Nov. 16 or Nov. 17 (or any date at the Governor's convenience)

Time: Any time at the Governor's convenience

Attendees: Gov. Haley; any other Governor's Office staff; Comptroller General Eckstrom and some of his staff; one or two Bank of America representatives; and media members

The Purchasing Card Program, which the Comptroller General's Office administers, is a great value to the State, not only because of the multimillion-dollar contribution to the General Fund that it generates annually, but also because the program creates greater efficiency and transparency in State spending. Monthly reports detailing all Purchasing Card transactions are posted on the comptroller's S.C. Fiscal Transparency Website (<http://www.cg.sc.gov/Pages/monthlychargecardusage.aspx>).

Thank you.

Eric Ward
