# South Carolina Association of Children's Homes and Family Services

July 10, 2012

Mr. Anthony Keck, Director  
Department of Health and Human Services  
1801 Main Street  
Columbia, SC 29201

**RECEIVED**

JUL 12 2012

Department of Health & Human Services  
OFFICE OF THE DIRECTOR

Dear Mr. Keck:

This letter is a follow-up to our meeting at your agency on May 30, 2012, regarding several issues which are important to our membership. At that meeting, jointly with your staff and officials from SC Department of Social Services, we agreed to begin discussions regarding the role of Medicaid in the development and execution of the front end service array.

In addition, we discussed the possibility of re-bundling the service and rate previously known as therapeutic foster care (TFC). Although promised for over two years, we have not received any data related to billing by the TFC agencies under the unbundled system using rehabilitative behavioral health services.

I also mentioned that providers still need clarification on the Institutions for Mental Disease matter. Sam Waldrep thought it would be helpful to "dust off" the tool developed with the state child placing agencies and this Association. You suggested at that time that Sheila Pires might be a resource to our group. I agreed to assimilate a small but representative list of providers who could participate, and we all decided to move forward during the legislative interim.

We asked for assistance again in remediating a problem for some providers whose legitimate claims eject because two RBHS providers are billing for the same beneficiary in unusual circumstances. We have been told these billing problems are not as prevalent as they once were, but that does not appear to be the case in the current billing environment.

We empathize with the difficulties involved in implementing the new health care law and know this will be time consuming for your staff. But, we want to renew our requests to hold serious discussions regarding the above matters and to obtain timely compliance assistance for private providers seeking to avoid violating Medicaid rules.

Kindest Personal Regards,

Paula M. Fendley, M. Ed., LMSW  
Chief Executive Officer
