The Governor would like to bring staff together next Monday, from 9:30 a.m. until noon, to talk through the budget, policy, and other legislative initiatives for the upcoming 2013 session.

To ensure that we make the most of this time, we will be meeting tomorrow at 2 p.m. so that she can discuss her goals for next Monday's session and also let us know what she would like us to do in advance of that meeting. There's no need to prepare anything for tomorrow afternoon. Thanks.

(I'm not 100% sure who she has in mind as attendees...you and I can discuss...)
