Check with Rob to see if this has come up in their surveys.

Swati - Can you advise on whether or in what manner we should respond?

So what you are saying is if this bill (S.457) is passed and reaches the Governors desk she will sign it?

I am not trying to be rude or anything, but I don't want any spin or political speak. I want a straight forward answer, Yes or No. We are speaking about God's Image, his babies, and they are murdered everyday. I need to have an answer one way or another.

Thanks,

Mark Wills

Mr. Wills,

Thank you for contacting Governor Haley's office with your concerns regarding pro-life issues and, in particular, S.457, a bill from the previous legislative session. I enjoyed speaking with you and we certainly appreciate you taking the time to share your opinions with our office.

Governor Haley is strongly pro-life, not because of any political party standpoint but because her family

reminds her every day of the blessings of life. The First Gentleman, Michael Haley, was adopted, and the Governor has stated that she is constantly grateful that someone chose life for him. The Governor is also the proud mother of two children who bring her constant joy as she watches them grow. The Governor will continue to encourage and work towards educating everyone to value the culture of life for all people.

With regard to S.457 (2013-2014), this legislation is not currently pending before the General Assembly. However, Governor Haley remains strongly pro-life and will continue to uphold those values in her role as governor.

I hope this information has been helpful to you. If there is anything else our office can do for you, please let me know.

Sincerely,
Katherine
