

South Carolina Department of Transportation

## 2015 Major Flood Report Statewide Operations

(10:00 AM- REPORT)  
October 31, 2015

**Statewide Summary** – SCDOT Operations opened 6 additional roads and 1 bridge since this time yesterday. There are now 56 road and bridge closures under contract for repairs managed by SCDOT’s Construction Units.

Most of the closed roads listed now require more extensive ongoing repairs and reconstruction as illustrated in today’s Road and Bridge Closure Report. Drivers are required to use extreme caution in areas where crews are working. Note that extensive work continues towards complete restoration even when roads are open to traffic.

SCDOT debris removal contractors continue to work in several counties.

### **92 Crews working on road and bridge closures**

567	Maintenance Employees Working on Road and Bridge Closures
1634	Maintenance Employees Working on Storm Related Damage and Routine Maintenance Operations
92	Roads Closed Due to Flood Event (See attached closure list) This number includes <b>29 bridge closures</b>

**There were 99 road and bridge closures yesterday.**

**There are 13 locations where Primary Roads are Closed. (see report attachment for details.)**

### **SCDOT Headquarters**

Engineering continue to facilitate recovery operations and manage debris removal by contractors.

The Call Center is operational. (855-GO SCDOT) 855-467-2368
