Initially reviewing the question about tri-care, it looks like tri-care itself would not be directly affected by the healthcare debate but additional insurance through private insurers would not be as available to veterans. This is a new area for me, and I happy to investigate further, but I would like a little bit of a clearer understanding of what you would like to know on this issue.

This document does provide some information on the relationship between Obamacare and Tri-care which does provide some illumination on the ongoing debate: [https://www.tricare.mil/~media/Files/TRICARE/Publications/FactSheets/ACA\\_FS.pdf](https://www.tricare.mil/~media/Files/TRICARE/Publications/FactSheets/ACA_FS.pdf)
