**A simple question: Do you want to stay alive? Only those who pray and do what God tells them to do, individually, will stay alive through the war. God has a way to save the U.S.A. from the Chinese. God will not save those who do not pray.**

**The Chinese figure that they have the U.S.A. annihilation all wrapped up. Any day that the Chinese choose they can blow up every last U.S.A. military base, and large city within thirty minutes. But they don't want to do that until they start blowing up the other nations also. When that day comes the Chinese are going to blow the hell out of everyone, all together, to prevent retaliation.**

**The military under Obama will not ever disarm them. They are lying if they are saying that they will take care of it. They won't. Obama and his joint chief staff have signed an agreement to allow the Chinese to thin us out, as they choose. Corruption beyond believe; That is exactly what we have.**

**The only way to save our cities and our air force bases is to arrest Obama and his joint chief staff before the Chinese have a blowout in Europe. If we wait it will be too late. We may have one hour to organize and disarm everything. As it is now, the U.S.A. would lose ninety percent of its large cities on the initial attack. and that is even if we get an hour warning.**

**Denying all of this and keeping it out of the news is not benefitting anyone, no one will be prepared. This is beyond incompetence, it is criminal and inhumane to the survivors of all of the initial nuclear explosions which even the Obama administration is planning on. "Who knew what, when?" The more that they lie, the more criminally liable they become. We need to arrest them now. God will walk you through everything that he needs done, as it comes up.**

**Why have they not arrested Obama for the assault of his own daughters?**

**Our point being: God said to us, that Obama will lose his presidency over his illegal acts to his daughters. Very clear, Very sure, Let's get on with it. God will tell you what you need to do.**

**There is no better time: In God we trust, or we will fall. Waiting is only benefitting the Chinese. Arrest Obama before more people die. Arrest his joint chief staff, for their own personal crimes. Today. There really is no better time. Ask God; The more you pray, the more God will help.**

**The law enforcement agencies and personnel who know the facts of these things need to take the responsibility of their God given duties and act. God will lead the way.**

## **Corruption Beyond Belief      GOD CALLS IT TREASON.**

This is beyond ridiculous, this is so dam dumb that it is almost funny. The joint chief staff must laugh their selves to sleep, with Obama wearing the fools outfit, in their dreams.

Anyone who would suggest that the cold blooded murder of our own military and civilians is a logical move against a foreign nation is a complete fool. There could not be a dumber suggestion ever. **It is hard to explain away treason.**

Anyone suggesting such blatant stupidity should be thrown out of the military and put in a padded cell.

Beyond belief, no one believes what they have done, and the military are all ordered to keep silent or be shot for insubordination, without due process or anything.

Well God is not going to keep silent, and neither will his children who want to stay alive. It is not insubordinate to report crimes that are being committed by superior officers, in fact it is their duty and obligation to God and our country, to report them to any and all law enforcement agencies that may not want to be blown up, or sterilized like the secret service personnel.

But where do you go when the Justice Dept. has been bought out? **We need to call our Congress persons**, and verify the delivery of faxes to them or they will not even receive them, or their mail. **CALL THE NATIONAL GUARD.**

About one third of the Justice Dept. is honest and about one half of the FBI. And the rest of them are all going to die if they do not realize that they need to do something about Obama and the joint chief staff. Soon. It is the joint chief staff who are pushing to blow up the USA military bases and our cities.

There seems to be Judges in Washington DC who think that they will be able to spend bribe money in hell. God said that they will not live to spend any of it.

There must be some way to remove, or at least fully inform, the Judges that are backing Obama and his joint chief staff and their continuous attempts to start the nuclear war by blowing up our military bases and blaming it on the Chinese, it is Treason. And that is not all of the crimes that they are committing.

**August ?****WHO IS LYING, GOD OR OBAMA ?****13, 2014**

Starting apx. the week of August 3<sup>rd</sup> 2014, the U.S.A. cities need to expect an attempt to poison the water and food supplies to all of its cities.

The Chinese with the help of Obama, and his joint chief staff have plans for a poison attack on all U.S.A. military bases and cities. It has already began in the U.S.A. military bases. **Did Congress approve the murder of our military? And population?**

Obama, most of his joint chief staff, the CIA, the secret service, and some special forces have become paid mercenaries for the Chinese.

Obama and his staff ordered U.S.A. specially prepared poisoned food (prepared by the CIA and the secret service), served to all U.S.A. military troops. (first part of July), over 5,000 U.S.A. troops died of food poisoning in one day alone. The military is still hiding it. And that is only a tenth of what they had hoped for.

Some of the U.S.A. military bases were confirming that some of the U.S.A. command at the Pentagon was in fact preparing to water poison the U.S.A. cities for Obama and the Chinese, just prior to being forced to take refuge from the joint chief staff traitors, and their paid mercenary type U.S.A. forces.

In the 80's when the Chinese started starving to death, they realized that it was only a matter of time before all of the world would be killing each other to survive. They, as a race, had a history dating at least 5,000 years, and they planned to last another 5,000 years, and so the only intelligent solution was to prepare to kill all other races of people, before they overpopulated the rest of the planet and killed them. It was a plan for the survival of their own race. And now, 35 years later, they are all prepared to implement their plan. Ask God for yourself. They will not change their plan because there is no other. We know that Obama and his joint chief staff are fully aware of the genocide that the Chinese have planned for the whole U.S.A., yet they keep lying and pretending that it will not happen, as they commit murder of us.

The U.S.A. communities law enforcement agencies not only have to disarm the Chinese nuclear weapons, they have to check the water and food for poisons, and possible biological weapons. Do not trust anyone stating that they have already been disarmed, or that the water is safe, Obama has ordered and paid them to lie.

The first nuclear explosions of the war will be in Spain, all other nations of the world to follow shortly thereafter. The nuclear explosions in Spain have almost happened, this month, the U.S.A. will be next. If the water poisons and chemical weapons fail on our cities, the Chinese/Obama have plans to move on to nuclear weapons by mid-August. The Chinese, U.S.A. invasion fleet is already on its way. The U.S.A. military is going through a transition, those who, for money, are still obeying the Obama Treason personnel, and those who are not obeying them. Those who are still obeying them are committing murder and conspiracy to commit murder of U.S.A. military and population.

Obama and staff are lying about the need to surrender to the Chinese, and about the need to kill our own military and population, and about the reason that they are doing it. **This is not a treaty, this is treason.**

**GOD, WHAT CAN I DO TO HELP****7-10-2014,**

Obama ordered his secret service personnel at Ft. Riley/Leavenworth to find Oliver North guilty and kill him. However they are still unable to find an illegality of any kind, but they did poison him anyway.

**A NOTE ABOUT Ft. RILEY:** Obama and his military have been using Ft. Riley as a killing location for any and all personnel who disagree with them in most anyway. Over 80 military personnel have been flown there and killed without any council or anything. Both of Obama's daughters were hauled off to Ft. Riley at one point in time, for awhile. There may be as many as 300 personnel killed there in the last three years, No judge, no jury, and no representation whatsoever.

Obama has over fifty Secret Service personnel who have literally lost their balls just so that they can pretend that China will let them live after the rest of the U.S.A. population is dead. The Chinese are not going to leave any U.S.A. natural resource users alive. China needs to save and conserve all resources for themselves.

Some people think that they can do nothing about this, but they need to pray, and ask God, if in fact they can do nothing, or if there is something that they can do. Every single person in the world knows who God is when God talks to them. If God needs something done. He will tell you, he will walk you through it, he will help you do it.

Obama and his staff got so weary of waiting for God to allow the nuclear war to start, that they decided to food poison some of our troops, again, and several died, just this last week. Dempsey ordered the U.S.A. special prepared food (prepared by the CIA and the Secret Service) served to the U.S.A. militaries. Dempsey not only ordered it served, he, Dempsey personally guaranteed that the food was safe. He must laugh himself to sleep.

Obama/Dempsey lost all credibility. Purposefully prepared the poison food, lying to our troops, and even ordering them to serve it. They both must laugh themselves to sleep. Why should we be concerned about Obama/and his joint chief staff chairman Dempsey's credibility? Well, Quote: "Trust us we guarantee that the Chinese nuclear weapons will never go off, take this money and don't tell anyone." If Obama/Dempsey would lie to us on purpose to poison our troops, then they would lie to us on purpose about the Chinese nuclear weapons.

Obama/Dempsey's illegal unconstitutional unbinding treason Surrender Contract with China promises to turn over to the Chinese all of the U.S.A. defense equipment and all of our military. The Chinese want the equipment intact (if possible), and they want all U.S.A. troops dead.

This was their Second big attempt to kill a large amount of our troops with food poison prepared by U.S.A. CIA and Secret Service.

Well they never paid us enough to let them kill all or our families, and all of our troops, or to keep it all out of the newspapers, and that is what we need. We can read the headlines now: "OBAMA/DEMPSEY'S DEATH CAMP AT FORT RILEY". The military's old slogan was "Freedom is worth dying for", until Obama took office, now our slogan is: "We surrender, kill us as you please", and "We will kill ourselves for you."

Do you want to save the nation? All papers, same day, full story, all editors on vacation, unavailable for comment or for any illegal subpoenas from the military traitors trying to hide their crimes of treason.

JULY 21, 2014: TODAY, AGAIN, AND AGAIN,  
THE SECRETARY OF DEFENSE PAID A NINE  
MEMBER COMMITTEE OF CONGRESS, ONE  
MILLION EACH, TO APPROVE THE MASS  
MURDER OF OUR MILITARY AND OUR  
POPULATION.

OBAMA, HIS SECRETARY OF DEFENSE, AND  
MOST OF HIS JOINT CHIEF STAFF, ALL HAVE  
A CONFLICT OF INTEREST WHEN IT COMES  
TO THE CHINESE. THEY HAVE ALL SIGNED  
A RETIREMENT AGREEMENT WITH CHINA.

THEY ARE LYING ABOUT THE NEED TO KILL  
OUR OWN MILITARY, AND POPULATION, AND  
THE NEED TO SURRENDER TO THE CHINESE.

WHAT CONSTITUTIONAL RIGHTS WOULD BE  
LEFT FOR ANY SURVIVORS?

CONGRESS HAS MORE THAN NINE PEOPLE.

WHO IS LYING, GOD OR OBAMA AND HIS  
MILITARY STAFF? WILL THE WAR START  
IN MID-AUGUST IF WE DO NOT ARREST  
OBAMA AND HIS MILITARY STAFF?

JUST OBEY GOD, AND FIND OUT.

Congress cannot give anyone the right to commit murder. They clearly do not have legitimate Congressional approval, to do any of the things that they have done.

In 2009, Obama promised the Chinese that they could kill the U.S.A. population without any U.S.A. military intervention if they would wait until after his 2012 election.
