Subject: Flood Insurance ~ Website email from Joseph Rosen

Lt. Governor Bryant, In October 2015 we had 24 inches of rain in Columbia, SC. I am a real estate appraiser for 45 years. I live in Lake Katherine area and there were many houses that were flooded. The City of Columbia hired my office to appraise 25 houses. Some were 8 feet deep in water. None of these houses were new so why was houses 35 to 65 years old flooded?? We must have flood insurance.
