Brian Clackley South Carolina State Parks why can't law abiding SC CWP holders carry weapons as prescribed by SC state law and the Second Amendment in SC parks anymore? On August 15 (the day open carry became law) SC State Parks started a new policy prohibiting CWP holders from having their weapons with them while camping deep in the woods to protect themselves and their families from criminals and wild animals. Why are you treating law abiding CWP holders like criminals? Why are you violating the second amendment rights of SC citizens? Is this a political statement that you disagree with open carry?
