Great, thanks Elisabeth.

Haley Mottel, whom I've copied on this email, is staffing the Governor on Monday. I will incorporate your updates into the brief!

Thanks for all of your help,
Clark Packard

Here is my revised version. The last version I had to send quickly because our fire alarm went off and I had to get out of the building (burnt popcorn!!!!)

Clark, did you find out who is traveling with the Governor? Also, so you have it, my cell is 803.422.0555 in case Christian didn't give it to you. I'll be on the road

Elisabeth,

Attached is the briefing I've prepared for the Governor. Please take a look at it and let me know if there are changes.

I'm trying to better format the invitee list, so I'll add that. Can you insert the state project team members who will be attending? I have the McCormick list in there right now as a placeholder.

Thanks,
Clark

Are these still current for Monday's event? Thanks.

CLS

There are about 90,000 job seekers here right now, but at the same time, there are more than 110,000 jobs that are available, just waiting to be filled.

Christian L. Soura
Deputy Chief of Staff
