

109 Fairway Drive  
Fort Mill, SC 29715

February 12, 2015

The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, SC 29201

Dear Governor Haley,

Warm greetings on this beautiful Carolinas day.

I write to thank you and the appropriate South Carolina departments who have been responsible for helping to make Fort Mill a more welcoming point of entry into South Carolina in general, and York County in particular.

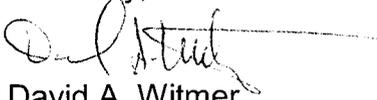

During our almost nine years here, we've watched as the following traffic areas have been revised and enhanced in such a way as to create beauty and facilitate a more expeditious traffic flow:

- 1) The intersection of Highways 21 and 160 – near The Peach Stand, and future medical facility site.
- 2) The intersection of Highway 160 and Henssley Road – on the border between York and Lancaster Counties, and
- 3) The intersection at Highways 21, "Old" 21 and Sutton Road as they join and then the new bridge as Highway 21 crosses the Catawba River and becomes Cherry Road in Rock Hill.

The town stands to benefit further from the Southeast "Bypass" as it continues to reach milestones of completion, and I applaud the efforts.

God bless you all, and give you wisdom as you are continually challenged to make responsible decisions for the well-being of all citizens of South Carolina.

Sincerely,

David A. Witmer
