Governor Haley,

Jereleen and I personally thank you for the signing of the Historical Dr. Mary McLeod Bethune License Plate Bill passed in this past legislative session, we are greatly appreciative! The unveiling for the plate will take place on Tuesday, February 12, 2013 at 10:00am there in the State House Atrium and would love to have you as a participant in welcoming all to this once in a life time experience. This license plate, with an eye on Tourism for South Carolina, will hopefully give the world even more reasons for coming back to our great State of South Carolina to spend their vacation.

Prayerfully your calender will avail and we look forward to your presence.
