

Dear Governor Falty, ¹⁻¹⁶⁻¹¹

I wanted to take the time to thank you for your support of the Governors School for the Arts and Humanities. This school means so much to me and has given me a wonderful outlet for art and exploration of the human condition. I am a drama student and would not trade this experience for anything. My school consistently ranks as one of S.C.'s top three public high schools in SAT scores which I believe shows the wonderful academic side of the school, as well as the rigorous artistic side. . .
