Hi Tony,

We invite you to join us for our upcoming **Medicaid Managed Care Leadership Forum**, taking place **April 18-19, 2016 in Baltimore, MD**. We all know there are challenges with tailoring enrollment and services to an expanded Medicaid population that also meets state and federal regulations. The focal point of this program is **HOW** do you truly go about engaging members, improving care management and regulating costs that align with state and CMS Medicaid requirements.

Top Reasons to Attend:

- Gain insight into the current state of Medicaid and plan trends from Jeff Myers, President and CEO of Medicaid Health Plans of America
- Understand the full financial impact of bringing long-term care services for Medicaid members into your plan
- Comprehend possible quality reporting and financial implications of CMS' Mega Rule for Medicaid Managed Care
- Discover turn-key solutions to move members towards optimized care utilization and reduce unnecessary spending
- Hear directly from plans that have successfully built community partnerships to enhance the care of Medicaid members
- Learn how to get Medicaid members to actively participate in their care through engagement techniques that really work
