PROVERBS 27:17 NLT

The Honorable Nikki Haley,
Praying that all is well with you &
your family.

We are a blessed people in South
Carolina. Blessed with good leadership.
As we move forward in our state
we need to continually strive for
excellence. We hear of problems
with our roads, education,
felony laws, etc. All of which
can not be blamed on one person.
Recently, in the upstate, the stories of
clowns luring kids... on national
news channels - SC being called a
'creepy' state. Although, we can't go
back & change that terrible day
for the victims at the Emanuel Church.
I tire of the 'stigma' this heinous act brought
to our state. When folks are contemplating
'was this a hate crime?' it's confusing to me
just punishment should be the same for
precious souls of any color.
I will personally do my part
to make South Carolina shine at its best!
Will help in anyway, let's move
forward!
