RE: Expungement for Martin Todd Jeffers

Dear Governor Haley,

I am Todd Jeffer's pastor and am writing in support of having his criminal record expunged.

Mr. Jeffer's has faithfully attended this church since he became a Christian. I am so pleased to see his growth into the Christian faith.

I recently found out that Todd was found guilty on a few different charges in the late 1970's and early 1980's.

As does sometimes happen, something good came out of those events. As Todd went through the court process, he began to reflect on what he was doing with his life. It took some time, but Todd did realize that he was going down the wrong path. He has worked for Palmetto Automatic Sprinkler Company for over 30 years. His employer tells me that he has worked hard over those years and has climbed his way up in the company structure from a field person. He is currently one of the true leaders of that company and is responsible for over 70 employees in their Charleston Office.

Todd is the sort of person the expungement process was designed to clear. He definitely made some mistakes when he was younger. But he has owned up to his errors and lives a positive life. I am proud to call him one of our members as well as a friend.

It's my prayer that you will see the good person he has become and grant the expungement of his criminal record.

If you need anything else from me please feel free to contact me.

Sincerely,

Pastor John Hamilton
