Dear Governor Nikki R. Haley:

This letter is only to help South Carolina!

My motivations, intentions for writing this letter are only to help South Carolina!

PLEASE make certain to be extremely selective... recruit 15 to 30 competent, objective North Koreans to South Carolina! Recruit enough North Koreans to South Carolina to have a cultural or social distribution of North Koreans in South Carolina!

When problems occur in South Carolina, broadcast television of The Democratic Peoples Republic of Korea on South Carolina television!

Thank you.

Mean!
