Ted, I have not sent any letters to the LAC. I have a cover letter on the LAC response to Perry Simpson that went along with our audit response. We were instructed not to communicate any part of our response until the final draft. This was apart of our LAC audit packet that was due on April 19, 2013 and I did not view this as the type of communication you needed to see.

Going forward any communication with an Agency will be sent to you. I am concerned that the packet appears to be being made public before the corrections and it is final. I do regret this oversight.

Kela,

I just was working on your budget with a Senate Finance staffer and they were talking about the letter you had sent to the LAC.

I told them the letter "was to Senator Fair not the LAC", they informed me that there was a second letter and I probably ought to read it.

Please send me a copy of the letter.

Again as I stated in our meeting the other day we need to be kept in the loop before letters go out like this on agency issues.
