Subject: DRAFT: New DRCs for Berkeley County

---

Here is the text for the latest DRCs opening, please let us know if you need anything....

### **Disaster Recovery Centers Open in Berkeley County to Help South Carolina Flood Survivors**

**COLUMBIA, S.C.** – Two disaster recovery centers are open in Berkeley County to help South Carolina flood survivors. The centers, one in Goose Creek and the other in Huger, are open 8 a.m. to 7 p.m. seven days a week until further notice.

The new centers are located at **303 N. Goose Creek Blvd. in Goose Creek** and at the **Berkeley County Emergency Medical Services No. 7 at 1501 Recreation Road in Huger.**

Representatives from the South Carolina Emergency Management Division, Federal Emergency Management Agency, U.S. Small Business Administration and other agencies are at the centers to answer questions about disaster assistance and low-interest loans. They can also help survivors apply for aid.

It is not necessary to visit a center to register for and receive state/federal disaster assistance. If possible, survivors should register with FEMA before visiting a recovery center.

To register, go online any time to [DisasterAssistance.gov](http://DisasterAssistance.gov) or call the FEMA helpline at 800-621-3362. Help is available in most languages and phone lines are open 7 a.m. to 10 p.m. seven days a week until further notice.

Disaster survivors who are deaf, hard of hearing or have a speech disability and use a TTY may call 800-462-7585 to register. Those who use 711 or VRS (Video Relay Service) or require accommodations while visiting a center may call 800-621-3362. All disaster recovery centers are accessible and equipped with tools to accommodate disaster survivors who need disability-related communication aids.

Additional disaster recovery centers are open in affected South Carolina counties. For information call the FEMA helpline at 800-621-3362 or go online to [www.DisasterAssistance.gov](http://www.DisasterAssistance.gov) or <https://www.fema.gov/disaster/4241>.
