Thanks. I will research the status of the board and reach out to Senator S. Martin's recommendation.

Glad to hear from you. My mother is fine and I am glad your son is getting stronger!

Do you mind if I forward your email to Governor Haley?

Shane

Shane,

I hope all is well for you and yours. It is also my hope that your mother fully recovered from her illness a few months ago.

My son is doing better, but had not returned to school yet. He still needs daily physical therapy and is getting stronger each day. Thanks for the prayers and thoughts.

Having been on both sides of the hospital bed, only strengthens my desire to serve on the SC Medical Board. I have seen first hand as a surgeon and parent things that perhaps we could improve on to give the people of South Carolina the very best, up to date medical care. Please keep me in mind should any positions come available.

Katie and I were invited to Governor Haley's pool side reception next week. However, I am on call so we will be unable to attend. We look forward to seeing you soon at future events for her excellence or yourself.

Best,
Dan
