---

Mr. Chairman,

We wish we could make this happen but unfortunately the Governor's travel schedule tomorrow won't permit her to travel to Pickens. Thank you for thinking of Governor Haley, and please keep us in mind for future. Thanks, Katherine

Katherine:

Doubt the Governor can do this on Friday, but I'm sending it on at Mrs. Libby Dalton's request. The Dream Center is an old school in Easley that houses a soup kitchen and various programs directed at very low income people. They really want the Governor to see it some time. She's speaking to the Greenville Chamber and the invitation is for her to drop by either before or after her talk in Greenville. Of course, I strongly doubt there is a chance that her schedule is that flexible.

Larry

Larry, I know this is really short notice but Charles just mentioned the Gov. Is speaking at the Greenville Chamber at lunch time Friday. Any chance we could at least ask her to come over to Pickens and see The Dream Center. Still believing this is something that can be done across the state. Tu Libby
