Subject: hey, I'm asking

Friend -

I won't lie to you: with September ending, we have a lot of work left to do.

Now don't get me wrong, we're confident that we can win. But since this is my first time running statewide (and since Harry Reid would love to see me lose so I can't stop his radical agenda) we don't know what these last few weeks have in store.

That's why we're not taking anything for granted. Everything from here on out is about reaching voters with our message of smaller, more efficient government, less regulations and lower taxes. **Can you please help fund our efforts?**

We have a massive GOTV program ready to go for the election, but to make it happen we need your support before the end of the quarter.

You can donate securely by clicking here: www.VoteTimScott.com/Action

Thanks for your support,

Tim Scott
